You can expect to receive a notification to view the CCR within 4-6 weeks of the survey.

Certification Compliance Report Review
Once the Certification Compliance Report (CCR) is completed, you will receive an email with a link to access the report and important due dates for compliance submissions (if applicable). The Action Plan (Step 1) noted in the email is due within 10 days of receiving the CCR if any Standards were unmet during the survey. You will receive the Action Plan template as an attachment to the below email.

Dear [Surveyor Name],

The QOPI Certification Program has completed your practice’s Certification Compliance Report (CCR). An action plan is required before your practice can be considered for certification.

The CCR can be reviewed through this link and outlines compliance requirements for each standard not met that need to be addressed through an action plan. Your practice must complete the following steps in order to demonstrate that appropriate action was taken to address the requirements:

Step 1: Develop & Submit an Action Plan
Develop and submit an action plan within 15 calendar days of receipt of CCR by [Due Date] to the QOPI Certification Program (qopi@qualityoncopi.org) defining the steps your practice will take to address the standards that were not met or partially met during your Site Survey.

For each current standard the Action Plan should clearly state the changes that will be made to meet the identified requirements and demonstrate compliance with all QOPI Certification Standards.

To learn more about how to write an Action Plan and submit supporting documentation, please review the recorded webinar: [https://www.youtube.com/watch?v=4411w8i9vN8](https://www.youtube.com/watch?v=4411w8i9vN8)

Detailed instructions and an optional action plan template are in the attached spreadsheet.

Use the link in your email to access the QOPI Certification Compliance Report where you can review the assessments for each QCP Standard based on your site survey. Use the Progress tab to navigate each section of the report. Domains 1-4 tabs contain specific assessments and notes for each Standard. If a Standard is assessed as Partially Met or Not Met, you will see an orange number which indicates an Issue was found for that standard. Click the orange number or Issues tab to view each Issue.
Each Issue will include a Findings statement summarizing why the standard was unmet, and a Standard Requirement which states requirements to demonstrate compliance with the standard during the post-survey process. Use the information from each Issue to populate your practice’s Action Plan document. You will need to write a plan to address each Standard Requirement.
Exporting the Certification Compliance Report (CCR)
To export a copy of the CCR, click Export on the top right menu of the CCR. You can save the file and share with others as needed.

Upload Action Plan
Submit your completed Action Plan within 10 days of CCR receipt. Choose the Organization Representative Persona after log in. Select the most recent Application. From Upload Action Plan tile, click Upload button to upload the completed Action Plan.
Mark as complete after you upload the document. QCP Staff will review your submitted Action Plan and provide approval or feedback via email within 5 business days.

**Document Implementation of Action Plan**  
Upload documentation demonstrating implementation of the Action Plan by your final due date (120 days from report delivery date). Login and click the Issues tab.
Please click on each Issue and type a Resolution statement summarizing the work completed and upload any related documents to the “Resolution Documents” area.

Important Note: The Certification Portal is not configured to store, receive, display, or otherwise contain PHI and is not a HIPAA-compliant environment. You will be required to attest that any document or file that You upload does not contain PHI. As such, please ensure that any documentation that You upload does not contain any PHI, does not display health information on a patient, and does not contain any personal identifiers of a patient (including, patient names or initials, MRNs, dates of birth, visit dates, or other personally identifying information). If you are unsure whether a document contains PHI, please check with your practice’s privacy officer.

When all documents have been uploaded to support each standard, please click “Submit” for each Issue.
Navigate back to the Applications tab. Click the Document Implementation of Action Plan activity. Review the confirmation language and click confirm to notify staff that you completed upload of all documents. Staff will review all documentation (typically within 4-6 weeks of submission) and reach out with any questions or feedback. If all Standards are assessed as Met following staff and committee review, certification will be granted.

Certification Decision
Certification is awarded when a practice is deemed to have met all requirements for Certification. Practices awarded certification will receive an email announcement. The email will contain a media kit, which includes logo files, a brand guide for how to use the logos and samples of social media posts,
press releases, and newsletters. In addition, each certified practice receives one complimentary award plaque to display at their facility. More plaques may be purchased for a fee. QCP™ also displays QOPI® Certified Practices in a map on the QOPI Certification website.
